

Circular for parents of Classes VI to XII students (2021-22)

EKAY/AUG/12

August 19, 2021

Subject: Correct use of Email ID and Google classrooms meeting links provided from school-reg.

Dear Parents,

Namaste!

Implementing an online education requires a partnership between parent, teacher, and student. In present scenario, as parents, you will have a more active role in your child's day to day online education and activities. Students are given access to the Google classroom via Email ID created from school and the schedule and the invite by the school is already shared/mailed with you. We believe it's important for parents to understand how their children use Google services in the classroom.

1. They should enter the classroom only through the E-mail Id provided from school.
2. In any case, they should not share their E-mail ID Passwords or Google classroom meet links with anyone.
3. Anyone trying to enter through any other E-mail Ids except ekayanaaschool.com IDs will not be permitted.
4. A strict action under cyber law will be initiated if anyone is found sharing/misusing their Google Classroom Meet Links with friends/strangers or any others with malafide intentions.
5. The individuals sharing the links will be solely held responsible for these acts and comply with stringent in-disciplinary actions.

So, kindly we request you to support us in the noble cause of online teaching - learning process and guide your ward for following online classroom rules and maintain decorum.

Looking forward to your continued support and cooperation.

Kind regards

Principal
