

Circular for the parents of Classes I to V students

Session: 2023-24

EKAY/July/17

July 10, 2023

Subject: My Green Classroom Activity - reg.

Dear Parents,

Namaste!

We are going to organize an activity My Green Classroom, where every student of the class will plant a sapling (Indoor) in a pot and will take care of that plant throughout the session.

My Green Classroom is a unique activity with multiple dimensional learning objectives. With this activity our students will develop an ownership by planting their own plant, create an emotional bond by keeping a nick name of their new friend (plant), care by taking care of the plant daily, sow the seeds of love and compassion when they see their plant growing, being thankful towards nature, understanding responsibility of a life and also sharing when they will gift their plant to their best friend/buddy towards the end of the year.

Students will create an air purified classroom.

Activity will be conducted as follows:

1. 13.07.2023 for students of class 3 and 4 with EVS teachers
2. 14.07.2023 for students of class 1 and 2 with EVS teachers.
3. 15.07.2023 for students of class 5 with social studies teachers.

Let us share their happiness by encouraging them for the activity.

Please note: Rs. 60/- will be deducted from their imprest money account to purchase a plant, a pot, coco pit. Looking forward for your support and cooperation.

Kind Regards

Principal
