

Circular for the parents of Classes III to V students
Session: 2023-24

EKAY/NOV/45

November 04, 2023

Subject: Science and Math through experiments - reg.

Dear Parents,

Namaste!

Children learn better when they themselves are engaged actively in the process of constructing the knowledge. Keeping the same in mind, we are planning to involve our young minds to go one step deeper in the process of learning. We are conducting Science and Math age appropriate experiments workshop for students of classes 3, 4 and 5 from 06.11.2023 to 08.11.2023, students will be provided with Science and Math experiment kits to perform the experiments and to create their own understanding on the concepts.

As kits (one science kit and one math kit) will be made available for every child by an external agency, **an amount of Rs. 300/- will be deducted from the imprest money account of your ward.**

Looking forward to your continued support and cooperation.

Regards

Neha Sinha
Academic Coordinator
(Classes III to VIII)
