Subject: Counseling Session for Subject Selection - reg.

Dear Parents,

Namaste!

We hope this message finds you well. As our students embark on the journey into the new academic session, it is essential to make informed decisions regarding subject selection. We hope you might have had a proper discussion with your ward regarding this. To assist our students in this process, we are organizing a counseling session specifically tailored to guide them through the subject selection process.

We understand that choosing the right subjects is a crucial step in shaping their academic and professional future. The counseling session aims to provide them with comprehensive information about the available subjects, their relevance, and the potential career paths associated with each subject combination.

We hope the students will come prepared with questions or doubts they may have regarding subject selection.
