

**Enrichment Activity Term-1 (Session: 2021-22)**

**Class : VIII**

Dear Parents,

Namaste!

We pray to the almighty for you and your families' good health.

Summers are here and amidst the lockdown, there's nowhere to go. Let us make this time fruitful and enjoyable for our students.

There is no substitute of good habits, and home is the best place to cultivate them. Please encourage your ward to wake up early, read newspaper/e. paper and keep themselves updated with the latest happenings in the city/country/world.

The students must read their favourite book daily. They should not be out of practice of writing, so encourage them to write a page of English and Hindi.

As you are already aware that the Enrichment Activity is an integral part of the academic assessment process, we have designed the Enrichment Activities for all the subjects for Term-1 of the session 2021-22, to be done during the summer breaks, so that students can engage themselves in productive learning.

You are requested to motivate your ward to complete the assigned activities with lot of consideration and on time.
