

**Namaste!**

*The journey of thousand miles begins with a single step*

**From the desk of the Principal:**

March threw up challenges anew when coronavirus emerged as the black swan of 2020. In the interim, Ekayanaa team braced themselves for the turbulence and prepared a mind-set for the scenarios that may play out. Without batting an eyelid and to keep pace with the challenging situation, our educators went through various sessions of different aspects of virtual teaching and learning platform. Weekly updates and meetings kept us abreast of the situation thus helping in the smooth transition from classroom to virtual classes. Educators collaborated with each other and the herculean task of integrating, enhancing and embedding learning to students flowed seamlessly. I was incredibly impressed to see children so focussed, engaged and enjoying their learning as if they were all set to face the challenges and gradually settling into school life. I realized an important value that mental health and well-being belongs to us and if we put together perseverance, grit, self-regulation and executive functioning, we have a recipe for our well-being. It is a delight to share that the school year is off to an encouraging and good start... Team Ekayanaa started on a positive note.
